EDUCATION

Sri Sai Ram Engineering College

Bachelor of Engineering in Mechanical Engineering (CGPA: 8.44)

Chennai, TN

2023 – 2027

Everwin Matriculation Higher Secondary School

Grade- 87.5%

Chennai, TN

2021 – 2023

PROFESSIONAL EXPERIENCE

Industrial Manufacturing Intern

January 3 – January 17, 2025

Microtech Engineers

Chennai, TN

- Worked closely with a team of experienced engineers to understand end-to-end manufacturing processes, from tool design to CNC machining and mould testing.
- Gained firsthand exposure to plastic injection molding operations, including material loading, die setup, and mold cycle optimization.
- Developed a working knowledge of industrial safety practices, shop floor protocols, and how CAD models are translated into physical products.

MECHANICAL DESIGN PROJECTS

100 Days AutoCAD Challenge | *Created 30+ mechanical models using AutoCAD, including:*

- * Mechanical Parts: Piston, Connecting Rod, Crankshaft, Shock Absorber
- * Tools: Adjustable Wrench, Allen Key, ER Collet
- * Components: Spark Plug, Disc Brake, Fan Blade, Pulley
- * Focused on both 2D drafting and 3D modeling with material rendering and realistic visualization.

Fusion 360 Projects | *Designed complex 3D mechanical components using Fusion 360, such as:*

- * Mecanum Wheel — modeled for omni-directional mobility applications
- * V8 Engine — detailed multi-part assembly showcasing engine components
- * Drone Propeller — aerodynamic design optimized for drone efficiency

WEB DEVELOPMENT PROJECTS

Razorpay Clone | *HTML/Tailwind CSS/JavaScript*

- * Responsive landing page UI developed using Tailwind CSS, mimicking the real Razorpay homepage.

Amazon Clones | *Tailwind CSS/JavaScript*

- * Functional e-commerce front-end clone using HTML, CSS, and JavaScript, showcasing user interaction and product UI design.

Mo.co Website Clone | *HTML/CSS*

- * Website replica focusing on layout precision and CSS styling.

TECHNICAL SKILLS

CAD/Design Tools: SolidWorks, Fusion 360, AutoCAD

Languages: C/C++, Python, HTML/CSS, JavaScript

Frameworks: React, Node.js

Developer Tools: Git, VS Code, Visual Studio
